The Outdoor Gallery Project is a town beautification project centered around displaying local artists' work on participating buildings and services in Oxford. Unlike murals painted directly on buildings, this project will use an artist's image, reproduce it on high-quality material and have it stretched, framed, and “hung” on participating buildings in and around Oxford. In a nutshell, we are developing a unique opportunity for artists and a not seen before Town Gallery, which will focus on displaying large high-resolution images of original art on the buildings of Oxford. This project aims to bring attention to fine art in the local area and promote Oxford and the Oxford Arts Alliance as creative destinations.
OUR VISION

The presentation that Dave Eldreth, board member of the Oxford Arts Alliance, is pursuing with The Outdoor Gallery Project is to have stretched and framed outdoor canvases displayed on buildings within the town with a gallery quality and appeal. It has taken much effort and time to refine this look to his vision.

The appearance is unique, and unlike a mural, it is easily interchangeable periodically by replacing the canvas with new artwork. The cost to replace the canvas within the aluminum framework is reasonable.

Sponsor Us

Currently, the cost for an installation is approximately $2,000 to $3,000, depending on its size. Sponsors are entitled to permanent engravings on the aluminum framing with their name and company along with a plaque to tribute to a family member or loved one in a beautiful display of public remembrance. Sponsors will have recognition on an outdoor plaque displayed in Downtown Oxford.

We ask that sponsors contribute additional funds* to The Outdoor Gallery Project to support the larger vision of helping this project flourish and beautify our town. Additional funds could help property owners who wish to participate in the program but need financial help. *The Outdoor Gallery Project will donate 10% of leftover funds to the Oxford Arts Alliance after projected routine maintenance.

OUR PLANS

An active and determined board member, Dave Eldreth leads this project with enthusiasm and has grandiose plans and ideas for Oxford. He wishes to erect walls in specific areas to display additional artwork if permitting allows. The artwork chosen will feature local artists of all ages and enable visitors to see the creative community Oxford truly is.
